

## Report a Problem using SeeClickFix

1. Click the icon on the Home page,

or on the Report Problems link on the left column of any page.

2. Enter the Street Address of the location of the issue you wish to report on and click the **Next** button.

3. Select the Category of the issue from the drop-down list. **(Note: Categories marked Private will not display to the public).**

4. Enter a description of the issue, select a picture to upload if available, and click the **Submit** button.

Go Back Submit

Report an Issue

5. From the pop-up window you can log in if you have a SeeClickFix account, or select the Guest tab to enter the issue in anonymously. As a guest you still need to enter a display name (anything you want) and a valid e-mail address so you can be notified when the issue has been resolved, then click Continue.
