Communications (Cont'd)

- 546** From the CFO in accordance with Sec. 5 of Ch. 324 of the Acts of 1990 certifying the proposed appropriation of \$73,037.87, from Un-appropriated Estimated Receipts of the General Fund for FY2017 to various funds and appropriation deficits.

Accepted and placed on file

- 547** From the Department of Public Works requesting \$2 million dollars to fund inspection of 7 miles of the parallel 24" transmission mains from Silver Lake Water Treatment Plant to Browns Crossing Pump Station as well as to rehabilitate the seven existing crossover locations along that same stretch . Both the I nspection and construction costs are eligible for low interest programs through the Massachusetts Department of Environmental Protection State Revolving Fund Program. These transmission main projects would ensure a more efficient, more stable, and safer water system for the City's residents and surrounding communities.

Accepted and placed on file

- 548** From the Mayor in accordance with M.G.L. Chapter 44 recommending that the City Council authorize the appropriation of \$2,000,000 using the language recommended by Attorney Richard Manley of Locke Lord, LLP, the City's bond counsel in order to provide funding through borrowing said amount to pay costs of inspecting and rehabilitating 7 miles of the parallel 24 inch transmission mains from Silver Lake Water Treatment Plant to the Browns Crossing Pump Station.

Accepted and placed on file

- 549** From the CFO in accordance with Sec. 5 of Ch. 324 of the Acts of 1990 certifying the proposed appropriation and loan order of \$2,000,000 for purposes of performing inspections and rehabilitation of the twin transmission mains from the Silver Lake Water Treatment Plant provided that the City Council adopt and the Mayor approve water rate increases in addition to those already scheduled by ordinance within the next six months. This is a conditional certification which must be placed on the front of the order if it is approved. Additionally, rate increases needed are two; one of 10% on July 1, 2017, which is essential, and one of 5% on July 1, 2019 which is recommended. These are in addition to three increases already scheduled for 10% on January 1, 2017, 10% on January 1, 2018 and 2.5% on January 1, 2019. The present water rates are inadequate to provide revenue sufficient to pay for the water system's operating and fixed costs at current service levels while also providing for capital project financing and reimbursing the General Fund for expenses it has borne on behalf of the water fund. These unpaid costs amount to nearly \$2,000,000.

Accepted and placed on file

- 550** From the Mayor in accordance with M.G.L. , Ch. 44, recommending that the City Council authorize the appropriation of \$102,000 from Un-Appropriated Estimated Receipts of the General Fund for FY2017 to Stabilization Fund. In order to make final appropriations prior to the setting of the FY2017 tax rate. This action, in combination with other budget actions adopted or recommended for adoption, would leave City with almost 3.2 Million in tax levy capacity allowed under proposition 2 ½ to remain un-appropriated.

Accepted and placed on file

- 551** From the CFO in accordance with Sec. 5 of Ch. 324 of the Acts of 1990 certifying the proposed appropriation of \$102,000 from Un-Appropriated Estimated Receipts of the General Fund FY2017 to Stabilization Fund. This action will

Communications (Cont'd)

leave nearly \$3.2 Million in tax levy capacity below the levy limit allowed under proposition 2 ½ to remain un-appropriated. Once the tax rate is set, this funding will be unavailable to the city until FY2018. The city already has been informed that its pension assessment will increase by about \$4.0 million from FY2017 to FY2018. It is his firm belief that the City's fiscal circumstance in FY2018 would be much more stable if this \$3.2 million were appropriated to the stabilization fund.

Accepted and placed on file

- 552** From the Mayor in accordance with M.G.L., Ch. 44, in addition to his request dated November 8 for an appropriation of \$102,000 to the Stabilization Fund, he recommends that the City Council authorize the further additional appropriation of \$635,000 from Un-Appropriated Estimated Receipts of the General Fund for FY2017 to Stabilization Fund. In order to more fully appropriate the annual allowable 2.5 % growth in the tax levy for this fiscal year as permitted under proposition 2 ½ . This action will still leave more than \$2.5 million under the levy limit un-appropriated.

Accepted and placed on file

- 553** From the CFO in accordance with Sec. 5 of Ch. 324 of the Acts of 1990 certifying the proposed appropriation of \$635,000, in addition to the \$102,000 separately requested on November 8, from Un-Appropriated Estimated Receipts of the General Fund FY2017 to Stabilization Fund. This action will still leave nearly \$2.5 Million in tax levy capacity below the levy limit allowed under proposition 2 ½ to remain un-appropriated once the tax rate is set. This funding will be unavailable to the city until FY2018. The city already has been informed that its pension assessment will increase by about \$4.0 million from FY2017 to FY2018. We know that cost of salaries, health insurance and other costs will also increase. It is his firm belief that the City's fiscal circumstance in FY2018 would be much more stable if this legal levy capacity of \$2.5 million were appropriated to the stabilization fund.

Accepted and placed on file

- 554** From the Building Department requesting an appropriation of \$50,000 for the rehabilitation of the elevator at City Hall.

Accepted and placed on file

- 555** From the Mayor in accordance with M.G.L. Ch.44 authorizing the appropriation of \$50,000 from Un-appropriated Estimated Receipts of the General Fund for FY 2017 to the Public Property Capital-Elevator Repair in order to provide funding in addition to the \$115,000 appropriated in the FY 2017 budget, as this added funding is necessary to perform the project as estimated.

Accepted and placed on file

- 556** From the CFO in accordance with Sec. 5 of Ch.324 of the Acts of 1990 certifying the proposed appropriation of \$50,000 from Un-appropriated Estimated Receipts of the General Fund for FY 2017 to the Public Property Capital-Elevator Repair.

Accepted and placed on file

- 558** From the Mayor in accordance with M.G.L. Ch.44, recommending that the City Council authorize the approval of the proposed Housing Development Incentive Program (HDIP) Tax Increment Exemption Agreement (TIE), for 47 Pleasant St., between the City and 47 Pleasant St. Realty Trust. This proposed agreement is recommended by City Director of Planning and Economic Development Rob May would enable the development of 24 Market rate residential units. The exemption proposed is for 30% for the first 5 years, 25% for the next two, and 20% for the final year, in property taxes applied to the increment above face value.

Accepted and placed on file

- 559** From the CFO in accordance with Sec. 5 of Ch.324 of the Acts of 1990 certifying the proposed approval of the HDIP Tax Increment Exemption Agreement between the City and 47 Pleasant St. Realty Trust.

Accepted and placed on file

- 560** From the Fire Department requesting the re-establishment of a revolving account for Reimbursable Overtime. This overtime is reimbursed by the Department of Fire Services which generates a check that goes directly to the General Fund. The estimated total reimbursable overtime in a given fiscal year would be \$70,000 and a revolving account funded at that level should be sufficient.

Accepted and placed on file

- 561** From the Mayor in accordance with M.G.L. recommending the appropriation of \$70,000 from Un-appropriated Estimated Receipts of the General Fund for FY2017 to the Fire Department Personal Services-Overtime, in order to provide added funding for overtime such as Hazardous Material Team Response and Training, 911 Emergency Dispatch Training, and training for the Plymouth County Technical Response Team.
