

WEBVTT

1

00:01:04.500 --> 00:01:05.850

Aminah Pilgrim: Rob, can you hear us.

2

00:01:06.600 --> 00:01:09.870

Rob May: I am turning you guys on now.

3

00:01:13.980 --> 00:01:15.090

Rob May: Fortunately,

4

00:01:53.910 --> 00:02:00.210

Rob May: Unfortunately, we have had power outages throughout the city.

5

00:02:01.110 --> 00:02:02.010

Rob May: And we

6

00:02:02.850 --> 00:02:03.810

Have

7

00:02:05.730 --> 00:02:09.210

Rob May: Actually, there's only one planning board member here, so

8

00:02:10.230 --> 00:02:12.030

Rob May: We are not, we're going to have to

9

00:02:13.770 --> 00:02:16.950

Rob May: This meeting. Hang on just a second. Reggie. I've seen

10

00:02:18.600 --> 00:02:19.530

Rob May: Raise your hand.

11

00:02:20.970 --> 00:02:23.970

Rob May: But we will be right me scheduling this meeting will let you know.

12

00:02:25.260 --> 00:02:34.710

Rob May: What that new date is is going to be. So again, I'm sorry for the power outage, but we can't be here.

13

00:02:36.270 --> 00:02:40.620

Rob May: Or there's not enough people to be here. So, Reggie, did you have something to say.

14

00:02:41.340 --> 00:02:42.570

Reggie Thomas: No, I just want to lay it out there.

15

00:02:43.140 --> 00:02:52.080

Rob May: Oh, okay. Put your hand up. So thank you. You're the only person that could make it the west side also a lot of power.

16

00:02:53.610 --> 00:02:56.220

Rob May: We have scattered outages throughout the city so

17

00:02:58.620 --> 00:03:00.120

Rob May: again apologize for that.

18

00:03:01.980 --> 00:03:02.100

Aminah Pilgrim: Hey,

19

00:03:03.690 --> 00:03:05.070

Aminah Pilgrim: Well that's understandable.

20

00:03:05.580 --> 00:03:09.480

Rob May: I'm gonna hang out for a little while longer, just in case anybody else tries to join the meeting.

21

00:03:11.010 --> 00:03:13.200

Rob May: But you all have a

22

00:03:14.550 --> 00:03:17.370

Rob May: Safe night. Hopefully no more branches will come down.

23

00:03:18.090 --> 00:03:20.400

Aminah Pilgrim: Yeah, pretty bad out there. Thank you.

24

00:03:20.910 --> 00:03:21.840

Rob May: Alright, have a great man.

25

00:03:24.330 --> 00:03:24.750

Michael Keith: Thank you.

26

00:03:28.020 --> 00:03:28.500

William Bearce: It's all

27

00:03:30.780 --> 00:03:32.250

William Bearce: Meetings, all because I had to cancel.

28

00:04:52.740 --> 00:05:00.900

Rob May: Good evening for PT QM who's just joining us, we apologize that there's been

29

00:05:02.850 --> 00:05:09.540

Rob May: widescale power outages or throughout the city and we don't have sufficient numbers to

30

00:05:10.260 --> 00:05:27.300

Rob May: Do have a quorum, so we will be rescheduling the meeting. It may be the continued to the September meeting, but we'll have to see how the board makes out. So thank you for joining us this evening and I apologize again for not being able to make it.

31

00:05:28.920 --> 00:05:29.340

pdqm: Thank you.
