UNFINISHED BUSINESS

131 Acceptance of the Reconsideration from the Council President, Winthrop Farwell, filed in the City Clerk's Office on Wednesday, March 24, 2021: Ordered: Acceptance and expenditure of the total grant award in the amount of \$165,100.00 From: the Massachusetts Department of Transportation Highway Division-Shared Winter Streets and Spaces Program To: The City of Brockton Planning and Economic Development-Shared Winter Streets and Spaces Program.

The Council President stated that he filed reconsideration on the item pursuant to the City Charter and ask that they vote against reconsideration. He shared information that he has received since he filed the reconsideration. There was a zoom meeting held with the Chief of Staff , Councillors Thompson, Eaniri, and Nicastro to ask questions about the plans that were submitted after the meeting and questions about where the grant and how it could be used and during the conversation it came to light that we have a structure that has been erected by a property owner in that area of the Bat Bus terminal, tat encroaches upon city property and there were questions about liability if someone were to fall off that structure. Obviously we want to protect the city. The long and short of it is the City Solicitor is working with all those issues and they will be straightened out with the property owners and there will be an agreement for use with any property and there will be protection against any liability before the city, so he does want to see the grant to go forward. He wants to see the improvements that this money will bring. At this time, for himself, he would be against reconsideration, so that the money could be expended and the work continued. He doesn't know if Councillors Eaniri, Nicastro or Thompson would like to add anything.

UNFINISHED BUSINESS (cont'd)

The Clerk to the Council stated that the question is on reconsideration only. If reconsideration passes, then this discussion would follow. If reconsideration is refused or rebuked, then this is the end of it and the vote stands.

Attorney Resnick stated that a no vote would mean reconsideration would fail and the vote would stand.

Councillor's Recognition

Councillor Asack wanted to thank the Mayor, the Board of Health, Neighborhood Health Center, and the National Guard for their work in the vaccine rollout over the past weekends at the Shaw Center. She received good comments and feedback from the residents and employees.

Councillor Rodrigues stated that in the City of Brockton, more than 400 residents were lost due to Covid 19. The passing of the individuals has caused a great deal of pain and financial burden on the families. There is some good news, though that the Federal Government is making some funding available to assist the families who have lost loved ones. This is going to be done through FEMA. The requirements aren't that hard. It doesn't matter where the individual that passed came from, their legal status, but the only requirement on the applicant side is they are U.S. citizens or carriers of the green card. These funds are to reimburse the families for funeral costs. Often our city is left behind when it comes to funding and taking advantage of situations. His wish is to see the 400 plus families that have been affected by this disease to apply for and acquire funding from the Federal Government, so they can lessen the burden on themselves. On some occasions, people had to borrow money from other individuals to pay for funeral expenses. His hope is to work with every single one of those individuals and families. We have made the association available for individuals to help them in this process. To make sure every single person that qualifies for this help do go after the funds for the good of themselves and their families. Any questions, individuals can call any of the councillors. It is also on the FEMA website designated clearly as funeral assistance.

The Council President reminds the members of the council, that they will be meeting on Tuesday, April 20, 2021 for Finance Committee at 7pm, due to the holiday on Monday.

All council business as listed on the agenda have been emailed to the City Council members in their complete form, with exception of oversized material, such as maps, photos, etc. Recommendations are based on reports from committees.
