**NEW BUSINESS**

**1. BROCKTON PUBLIC SAFETY BUILDING TRAFFIC CIRCULATION STUDY**

**Requested by: Sean Schmigle, Associate Principal/ Project Architect of Kaestle Boos Associate, Inc.**

**Issue/ Request: Continued discussion of updated Traffic Improvements presented at the Special Traffic Commission meeting on January 20<sup>th</sup>, 2022.**

Present was Micheal Regan from VHB and David McKinley from Kaestle Boos.

Discussion: Mr. Michael Regan and Mr. David McKinley presented an updated version of the Public Safety Building Traffic Circulation Study. This updated version (known as the February 10<sup>th</sup> version to us) was presented the prior day to the Mayor.

Several members of the Commission and the public had comments and questions that were answered by either Mr. Regan or Mr. McKinley. One concern that was raised by Commissioner Hill was that traffic study and plan was unfunded. Mr. Regan confirmed this. A person in the audience from the Mayor's office indicated Mr. Clarkson (CFO) was confident that the City would secure funding for this study.

Chief Galligan made a motion to accept and approve the so-called February 10<sup>th</sup> version of the study, and the motion was seconded by Commissioner Hill.

Upon duly motion made by Chief Galligan, seconded by Commissioner Hill, the motion carried by a roll call vote; 6 in the affirmative.

**VOTED: TO AND APPROVE THE FEBRUARY 10<sup>TH</sup> STUDY VERSION.**

Respectfully submitted,
