AGENDA

- 1. Meeting called to order by Chairman**
- 2. Approval of Minutes**
 - a. Move to adopt and/or amend the 07-18-2023 Meeting Minutes
- 3. Update by Chairman**
 - a. Follow up on approved motion to suspend the Stormwater Ordinance for the Westgate Drive Hotel Project. Email to the Engineer of record for the project.
 - b. The Authority would be on statuesque stance on the Stormwater Ordinance until the City Council unveils the new proposed Stormwater Ordinance they are working. Stormwater billing has ceased, for that reason. The proposed Ordinance would be drastically different from the current one. Have stopped work on documents that would be required in implementing the current Ordinance. If such documents are required by the new Ordinance, they will be developed based on the requirements of the proposed Ordinance.

- c. Will continue to implement the permitting until the proposed Ordinance becomes effective. I cannot predict when It would become effective. It is usually approved by EPA, the City Council may not wait for EPA approval, before discontinuing the current Ordinance. That would not be our issue, it would be between EPA and the City.
- 4. Does anyone have something to introduce to the Authority?
- 5. No new Business; motion to adjourn.
