

# NOTICE

**Please do not touch or remove birds from the beach that appear sick, injured, or dead.**

**Some wild birds, including seabirds, may have the Highly Pathogenic Avian Influenza (HPAI) bird flu.**

**While HPAI rarely infects humans, visitors and their pets should not handle or come in contact with wild birds.**

**If you find a sick, injured, or dead bird on the beach, please notify park staff of its location or call 617-626-4973 or email [mass.parks@mass.gov](mailto:mass.parks@mass.gov).**

**Thank you for your cooperation.**
